A2: Product Proposal

Team Bob the Builders: Will Castro, Jos Moresi, Li Arditi, and Sam Eppley

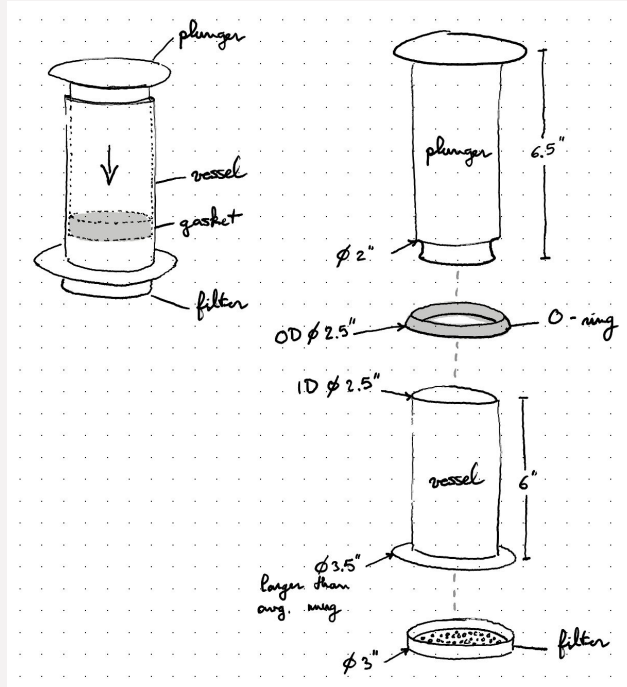

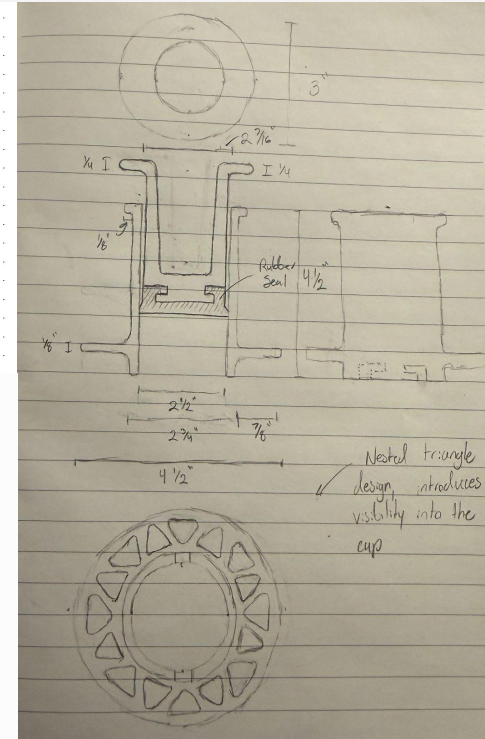

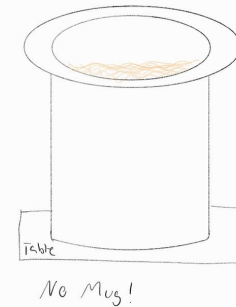

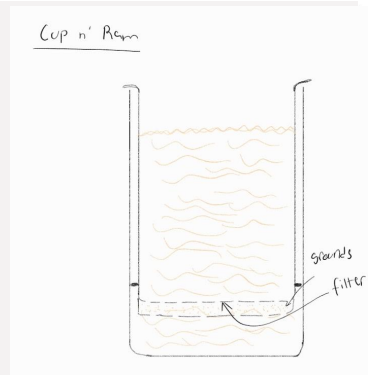

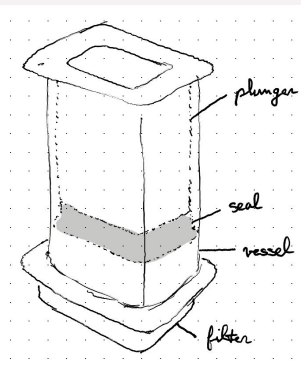

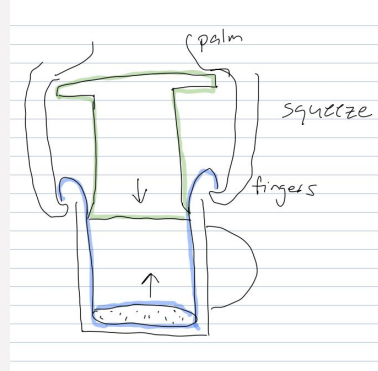

The PressMate

A compact, single serving coffee-brewing device

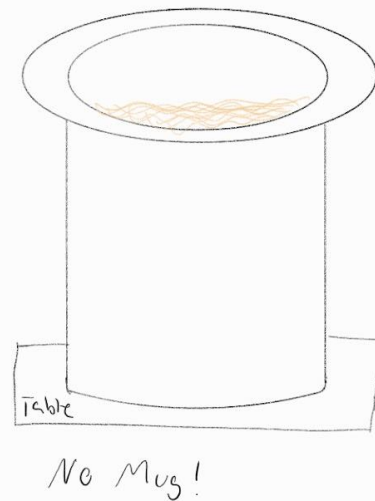

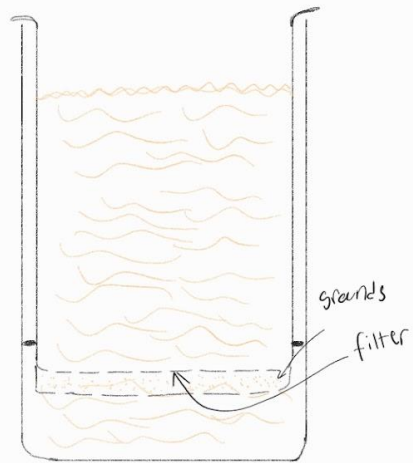

Initial Proposal

Ideation Session

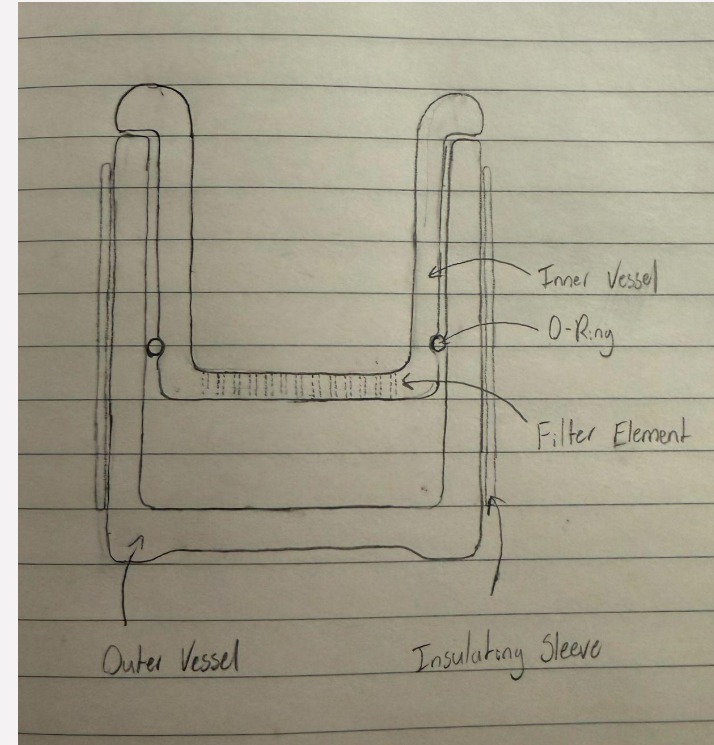

Winner, Winner, Chicken Dinner!

Downselected Concept

- Rationale for design
 - Requires no separate cup
 - More stable
 - Better for on-the-go coffee making
 - Less cleaning
 - No loss in functionality

The French Revolution?

Parts and Assembly:

- Inner and outer vessels, inner o-ring seal, insulating sleeve

Mfg Processes:

- Near-net casts, Mill/Lathe finishing, Silicon mold

Secondary Processes:

- Anodizing

Risks:

- Thermal insulation, Water-tight seals, and Potential “jetting” effects
